David Lynch

Annie Carpenter

Kathryn Budig

Jeanne Heileman

Krista Cahill

Join some of LA's most popular yoga teachers along with DJ Matt Robinson to support the Cystic Fibrosis Foundation! Cystic Fibrosis is an inherited chronic illness causing life-threatening infection in the lungs and disrupting the digestive system. About 30,000 people in the US (70,000 worldwide) are fighting infection from CF everyday.

- About 1,000 new cases of cystic fibrosis are diagnosed each year.
- More than 70% of patients are diagnosed by age two.
- More than 40% of the CF patient population is age 18 or older.
- In 2006, the predicted median age of survival was 37 years.

The Cystic Fibrosis Foundation

Since 1955, the Cystic Fibrosis Foundation has been the driving force behind the pursuit of a cure. Thanks to the dedication and financial backing of supporters--patients, families and friends, clinicians, researchers, volunteers, individual donors, corporations and staff, they are making a difference.

During this special event, each teacher will teach a 20 minute segment while DJ Mattnifique plays an eclectic mix of global rhythms for the soul. This is an event you won't want to miss!
